SKILLS

Currently pursuing a BSc in Mechanical Engineering at Obafemi Awolowo University.

Dedicated to the field of Engineering, with a proactive approach to problem-solving and a willingness to consider different perspectives.

Experienced in using various CAD software, including AutoCAD, Inventor and Solidworks, for design of engineering models.

EXPERIENCE

Dulux Paints, Lagos - *Engineering Intern*

NOVEMBER 2021 - JANUARY 2022

- Servicing of DROMONT tinters.
- Cleaning and replacement of Wilden pump filter.
- Replacement of damaged pipe components.
- Servicing of Pallet Truck.
- Installation of airline for Wilden Pump and other pneumatic facilities.

EDUCATION

Obafemi Awolowo University, Osun State, Ile Ife - *BSc*

JULY 2018 - DATE

Currently enrolled in a BSc program in Mechanical Engineering, with a focus on design, analysis, automobiles, thermal systems, fluid mechanics, manufacturing and other relevant fields.

PROJECTS AND DESIGNS

- Frame design and 3D printing.
- Design of Stirling Engine on Solidworks
- Design of Hand drill on Inventor
- Design of bench vice on AutoCAD
